CAPITAL AIRPORT, SPRINGFIELD ILLINOIS 62707-5001

4 August 2004

MEMORANDUM FOR ALL PERSONNEL

FROM: 183rd FW/CC

SUBJECT: 183rd FW Environmental Management Policy

1. 183RD Fighter Wing in Springfield, Illinois is committed to conducting its mission (flying and maintaining F-16 aircraft) in an environmentally responsible manner that will protect human health, natural resources, and the environment. In doing so, we will comply with all environmental laws and regulations applicable to the conduct of our mission and strive for continual improvement in our environmental performance. This commitment goes beyond compliance with the law and encompasses the integration of sound environmental practices into our daily decisions and activities. We have in the past, and will continue in the future, to pursue a course of responsible environmental stewardship.

2. The 183rd FW commits to reduce the environmental impacts and consumption of natural resources from our operations and comply with legal and applicable requirements. We further commit to continually improve on our success in environmental stewardship. The Environmental management System of the 183rd Fighter Wing integrates our efforts to achieve the following goals:

- Maintain an effective environmental management system, promote the use of safe technologies and operating practices, and remain ready to respond to emergencies in order to improve our environmental performance and minimize adverse impacts to installation workers, their families, and the environment.
- Set environmental goals, measure progress, take corrective action when necessary, and communicate results and other environmental information regarding the installation's operations and its environmental accomplishments to workers, the community, suppliers, regulators and the public.
- Investigate and evaluate new and innovative technologies and practices as appropriate, establish and implement an effective pollution prevention program, minimize the generation of wastes, recycle materials otherwise destined to become waste when possible, and dispose of any remaining wastes in an environmentally responsible manner.
- Ensure the responsible use of energy throughout the installation, including the adoption of innovative practices and procedures that will conserve energy and improve energy efficiency.
- Provide regular operation-specific environmental performance reviews and assessments, and develop plans to address actual or potential noncompliance situations.

3. Compliance with this Environmental Policy is the responsibility of every member of the 183rd Fighter Wing community in accordance with his or her role and responsibilities in the organization.

MICHAEL A. MEYER, COL, IL ANG
Commander, 183rd Fighter Wing
